

QUIKFLEX® 600G³

CAN - BOTTLE - PET
PACKAGING SYSTEM

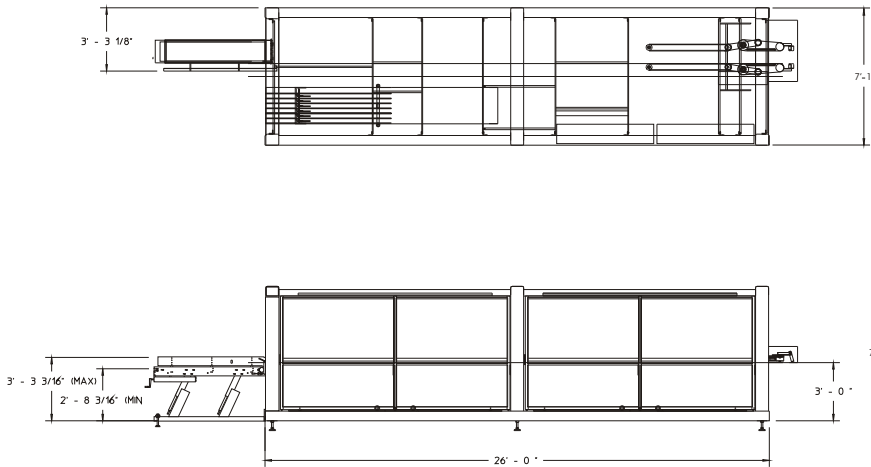

Introducing the third generation of our industry-proven packaging system for cans, bottles and PET featuring our latest technology and innovation

GRAPHIC PACKAGING
INTERNATIONAL, INC.

QUIKFLEX® 600G³ Specifications

Machine Footprint

Key Features

Machine and Package Flexibility

The new Quikflex 600 G³ is designed to be as flexible as your marketplace. You can custom order or easily retrofit in the field as needed to run a wide variety of containers and pack sizes.

More Production - Less Maintenance

Our new design means less parts, fewer adjustments, simpler timing, fewer drive points, less lubrication, fewer chains, improved accessibility and better carton control from the feed to the discharge.

No-tool Changeover

Our tool-less changeover technology is quick, simple and repeatable, eliminating time-consuming fine tuning.

Functional Design, Easy Access Construction

New frame, component and drive designs allows complete access to the entire machine.

Machine Dimensions

26' long, 7'- 1" wide, 7'-6" high
(7.92m x 2.16m x 2.29m)

Machine Weight

Approximately 15,000 lbs. (6,850 kg)

Construction

Heavy duty tubular steel with more corrosion resistant coatings and materials

Speed Range

150 packs/minute sustained

180 packs/minute surge

New 9" pitch option allows 180 packs/minute sustained and 210 packs/minute surge

Electrical

460 VAC, 3-phase, 60Hz or to customer specification

Air Requirements

65PSI, 4.5 Bar, 11 CFM
(with venturi vacuum pumps)

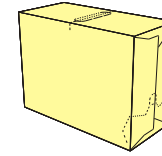

Hot Melt

To customer specification

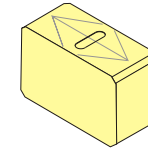

Lubrication

Centralized, automatic oil

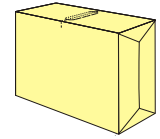

Standard Packages

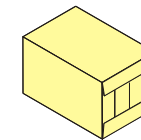

Square
Corners

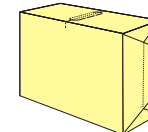

Beveled
Corner

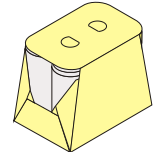

Butt
Flap

Economy
Flap

Overlap
Flap

No Top Flap
(Optional)

Standard Features

- Ergonomically designed feeder positioned waist-high for ease of loading
- Powered Overhead and dynamic flap folding for gluing aesthetic packs
- Wedge metering for smooth product infeed
- Moving bed selector system for maximum product stability
- 3-meter extended carton magazine

Options

- Multi-diameter
- 4.2-meter extended carton magazine
- Touchscreen Interface upgrade
- Narrow pack option for 2x2 66mm
- 9" Pitch for 2x and 3x packs only

Product Ranges

Max. diameter 2.6" (66mm standard)

Heights from 3.5" (88mm) - 9.75" (248mm)*

**Customized height range possible after product/package review*

Options available for multi-diameter containers including various shaped bottles and PET
