

# Pekin Chip and Tube

## Uncoated Recycled Boxboard

Produced at Graphic Packaging International  
Pekin, IL, USA  
PM#1: 8-ply Cylinder

### Description

Tube stock is perfectly suited for the production of tubes, cores, cans and composite containers. Higher strength tube stock is available with our PK Grade for specialty tubes / cores. Chip is well suited for many applications, including folding cartons, gift boxes, trays and file folders; and is available with sizing for refrigerated or frozen food containers.

### Features

- Made from 100% recycled fibers with a minimum of 35% post-consumer material
- Meets FDA requirements for direct food contact

### Machine Trim

- PM#1 67.5"
