

Our takeout containers and boxes are an easy, convenient way to safely transport a meal from a foodservice location to a chosen destination. This product line has options for single or family-style meals. The containers are made from white solid bleached sulfate (SBS) paperboard with a grease-resistant barrier for added protection against oily foods. Takeout containers and boxes work well for a variety of hot and cold foods, including fried chicken, burgers, baked goods, and side dishes.

Auto-bottom tuck-top cartons feature a tuck lid with a “lock”. Fast-top styles snap open quickly for filling and close by locking the top into the box ends. The snack and dinner-sized tuck-top and fast-top cartons are perfect for two-piece to four-piece individual meals or multipiece chicken tenders. Handled boxes are ideal for larger portion takeout orders that require carton strength.

## Sustainability

- Fiber used meets the Sustainable Forestry Initiative® (SFI®) Certified Sourcing standards, ensuring that it comes from responsibly managed sources
- An effective alternative to foam and rigid plastic containers or plastic bags and wraps

## Operational Efficiency

- Ship and store flat and are easy to assemble
- Can be used for hot or cold items
- Wide, rectangular opening for quick filling on the cooking line
- Stackable design takes up minimal back-of-house storage space
- Made in the USA, allowing for supply chain security and efficiency

## Consumer Experience

- Locking and carrying features keep the contents securely in place
- Plain white color to promote a clean and minimalist look
- Durable structure holds up when carrying heavier foods
- Design allows for easy opening to share with others or to enjoy individually
