Clamshells

Clamshells are ideal foodservice packaging solutions for consumers who eat on the go, pick up or get delivery. Clamshells have hinged lids with built-in locks to keep items enclosed. This product line comes in a variety of shapes and sizes, with the option to add a window on some sizes for visibility. The one-piece package design allows the cartons to be stacked and is perfect for operators looking to reduce lid inventory. Clamshells help maintain freshness for hot or cold items like sandwiches, hot dogs, sides, and single slices of pizza.

Circularity

- Sustainable alternative to plastic or foam
- Fiber used meets the Sustainable Forestry Initiative® (SFI®) Certified Sourcing standards, ensuring that it comes from sustainably managed forests
- Free of intentionally added PFAS
- This product is recyclable only in the few communities that have appropriate recycling facilities

Functionality

- Stackable to save counter and back-of-house storage space
- Hinged lid (where applicable) eliminates separate lid inventory
- Made in the USA

Convenience

- Available in custom print by special order
- Durable structures hold up when carrying, eating, and placed on a tray
