

Freezer paper is a flexible packaging material used to wrap fresh meat and seafood. The barrier coated paper allows for easy wrapping by the producer and seamless transport by the consumer. When wrapped properly, the consumer can safely transport their fresh meat and other deli items from the store to the refrigerator or freezer without leakage.

Since the initial launch in 1955, this premium product has been appreciated by customers for its excellent handling characteristics, high strength, and consistent barrier performance.

### Consumer Experience

- Premium paper designed for high functionality and demanding consumer product requirements
- Consistent barrier performance that prevents unwanted leaking

### Operational Efficiency

- 3-6 month, 6-9 month, and 12-15 month freezer paper options to select from depending on the merchant's needs
- Made in the USA, allowing for supply chain security and efficiency for North America-based companies
- Freezer paper uses long coarse fibers, creating paper with good durability, and moisture and barrier performance protection

### Customer Experience

- Soft and pliable paper delivers excellent handling
- Preferred color shades for many customers
- Custom printing based on customer art specifications
- FDA-compliant for direct food contact
