Inspired packaging. A world of difference.
Graphic Packaging International is a leading global marketer and manufacturer of paper and plastic single-use packaging for the foodservice industry, partnering with leading brands and distributors in a variety of industries, from quick-service restaurants to hotels. Our hot and cold cups, food packaging, plates and accessories are found in foodservice establishments across the country, from one-store locations to large national chains.

We make all of our paper products from trees that come from responsibly managed forests, and our U.S. manufacturing facilities are certified to Sustainable Forestry Initiative® (SFI®), Programme for the Endorsement of Forest Certification (PEFC) and Forest Stewardship Council® (FSC®) Chain-of-Custody standards. Our company is committed to improving our footprint with our end-of-life solutions and through our sustainable products.

Providing exceptional service starts with understanding customer requirements. Our sales, manufacturing and customer service teams are focused on offering quality products and delivering customer orders on-time, in-full and with no errors. Our strong focus on innovation allows us to deliver creative products and supply chain solutions that improve operator efficiency, elevate new menu items, support added service platforms and enhance the overall consumer experience. With a dedicated staff of designers, our Graphics Department integrates technical printing experience with creative ability to resolve some of the most challenging graphics.

Graphic Packaging International is a large, global company that continuously invests in new technologies to help manufacture high-quality materials and products for our customers. Our business is fully integrated, providing security of supply to our customers. With products being produced by a single company, from raw materials to finished product, you can ensure the end product that goes into the hands of your customer is superior quality.

PRODUCT NOMENCLATURE GUIDE
Consumer preferences for hot specialty beverages are growing, and operators are responding with new drinks and upgraded coffee programs to bring traffic to their locations.

We offer a wide range of products that support our customers from operational efficiencies with our Hold&Go® insulated cup to sustainability initiative support with our ecotainer® brand. Our single-use products come in several stock designs, or in a custom print for brand enhancement. All of our hot cups are made from premium paperboard and are coated on the inside using either polyethylene or PLA lining – a combination that results in high-quality single-use packaging for our customers. Graphic Packaging International hot cups meet Sustainable Forestry Initiative® (SFI®) standards, ensuring that the fiber used comes from responsibly managed forests.

STANDARD HOT CUP DESIGN OPTIONS

- Carte Blanc®
- Champagne
- Tuscany™
- SoHo®
STANDARD HOT CUPS

SMR-4
4oz HOT CUP
Case/Sleeve Qty: 1000/50
Case Weight: 9.2 lbs
Case Cube: 1.17
Case Dimensions: 12.88x10.38x15.13
Ti/Hi: 12x6
Lids: LHRDS-4

SMR-6
8oz HOT CUP
Case/Sleeve Qty: 1000/50
Case Weight: 18.0 lbs
Case Cube: 2.46
Case Dimensions: 15.88x12.88x20.75
Ti/Hi: 9x4
Lids: LHRL-6

SMR-8
8oz HOT CUP
Case/Sleeve Qty: 1000/50
Case Weight: 20.8 lbs
Case Cube: 2.73
Case Dimensions: 16.38x13.38x21.50
Ti/Hi: 9x4
Lids: LHRL-8, LHRDS-8, LHRDSB-8, LHRDP-8, LHRDE-8

SMR-10
10oz HOT CUP
Case/Sleeve Qty: 1000/50
Case Weight: 25.3 lbs
Case Cube: 3.70
Case Dimensions: 18.13x14.63x24.13
Ti/Hi: 6x5
Lids: LHRL-10, LHRDS-10, LHRDL-10

SMR-6
10oz SQUAT HOT CUP
Case/Sleeve Qty: 1000/50
Case Weight: 25.3 lbs
Case Cube: 3.70
Case Dimensions: 18.13x14.63x24.13
Ti/Hi: 6x5
Lids: LHRL-16, LHRDS-16, LHRDL-16

SMR-12
12oz HOT CUP
Case/Sleeve Qty: 1000/50
Case Weight: 27.2 lbs
Case Cube: 3.15
Case Dimensions: 18.38x14.88x19.88
Ti/Hi: 6x5
Lids: LHRL-16, LHRDS-16, LHRDL-16

SMR-16
16oz HOT CUP
Case/Sleeve Qty: 1000/50
Case Weight: 34.7 lbs
Case Cube: 3.99
Case Dimensions: 18.13x14.63x26.00
Ti/Hi: 6x4
Lids: LHRL-16, LHRDS-16, LHRDL-16

SMR-20
20oz HOT CUP
Case/Sleeve Qty: 800/40
Case Weight: 30.0 lbs
Case Cube: 3.33
Case Dimensions: 17.88x14.63x22.00
Ti/Hi: 6x4
Lids: LHRL-16, LHRDS-16, LHRDL-16

SMM-10
10oz SQUAT HOT CUP
Case/Sleeve Qty: 1000/50
Case Weight: 25.3 lbs
Case Cube: 3.70
Case Dimensions: 18.13x14.63x24.13

Lids: LHRL-16, LHRDS-16, LHRDL-16

SMT-24
24oz HOT CUP
Case/Sleeve Qty: 500/25
Case Weight: 23.0 lbs
Case Cube: 3.00
Case Dimensions: 18.00x14.38x20.00
Ti/Hi: 6x5
Lids: LHRL-16, LHRDS-16, LHRDL-16

*Contact your Graphic Packaging International Sales Representative for more information.
Graphic Packaging International offers a wide assortment of hot cup lids with a variety of functionalities and unique materials. Our hot cup lids are made from either Polystyrene (PS), Polylactic Acid (PLA) or Polypropylene (PP). This extensive range of lid offerings allows the consumer to have a choice of materials to either comply with local legislative mandates or to simply have more options to pair with their beverage cup program.

A world of difference.
The Hot Cup with a Cool Feel®

Hold&Go® insulated paper hot cups use ThermaShield™ technology to provide a versatile solution for on-the-go beverages. The combination of high-quality printed graphics and sturdy construction are appealing to customers purchasing premium beverages, while the functionality is ideal for operators looking for more efficient and effective packaging solutions.

The double-wall design creates an excellent insulating performance, eliminating the need for double cupping or a sleeve. Hold&Go not only provides a comfortable feel for consumers, the cup also benefits operators by reducing SKUs and improving beverage service speed.

PCF HOT CUPS

Post Consumer Recycled Fiber (PCF)

PCF single-use paper hot cups are made with a minimum of 10% post-consumer recycled fiber. This beverage packaging option can promote your commitment to the environment with your customers, while helping you meet the sustainability goals for your business.

Renew World™ stock design or custom printing available.

Please see page 5 for PCF lid options.
Making A Difference One Cup At A Time.®

An environmentally sensitive product line, ecotainer® uses a plant-based, Ingeo® (PLA) coating that is fully compostable in commercial composting facilities. By using compostable hot cups and lids, we are decreasing our dependence on petrochemicals and reducing the amount of waste being sent to landfills.

- Made with fully renewable materials
- Meets ASTM standard for compostability
- Certified by the Biodegradable Products Institute (BPI®)
- Compostable in most commercial composting facilities*

A world of difference.
WRAPPED HOT CUPS

The individually wrapped cup is designed to eliminate concerns around cleanliness for in-room beverage service. Consumers can feel confident opening the seal, knowing that they will be the first to use that cup. The 10oz size fits under standard in-room coffee machines and is stackable to save counter space. This product is offered in both standard and ecotainer® designs.

HOT CUPS

VENDING HOT CUPS
Our paper vending cups are specially designed for easy and ideal dispensing from hot beverage machines. The poker-style “Wildcard” design is unique in that it has different hands of five cards on the side of the vending cups and a randomly selected sixth card printed on the bottom, adding a little excitement during employee break time.

Note: SMR-10 has been qualified by a leading vending machine manufacturer for use in certain vending machines. Please see page 3 for product details.

VENDING HOT CUP DESIGN OPTIONS

VENDING HOT CUPS AND LIDS POLYSTYRENE

A world of difference.
Our Cup Buddy® sleeves provide another layer of insulation for beverages that are just a little too hot to hold.

Kraft sleeves are made with 100% recycled fiber and a minimum of 60% post-consumer recycled fiber. Cup Buddy® kraft sleeves can be recycled and composted in most commercial facilities.*

*Please check with your local municipality or go to www.findacomposter.com.
CUP CARRIERS

Cup Carriers are perfect for easily holding multiple hot beverages at one time. The 2-cell and 4-cell carrier options maximize drink stability with built-in cut-outs that wrap around the side of the cup to hold it in place. The sturdy construction and top handle make on-the-go drink transportation more manageable for consumers.

COLD CUP LIDS

Graphic Packaging International offers a wide assortment of cold cup lids with a variety of functionalities and unique materials. Flat lids feature x-shaped straw slots that stay closed to reduce splashing and is easily separated when a straw is inserted. These lids also have pushdown buttons, allowing operators to mark the contents of the drink. Clear dome lids allow operators to add toppings above the fill line without crushing the product. The circular opening is wide enough to fit a straw, allowing consumers to enjoy their treat without removing the lid. This extensive range of lid offerings allows the consumer to have a choice of substrates to either comply with local legislative mandates or to simply have more options to pair with their beverage cup program.

*Contact your Graphic Packaging International Sales Representative for more information.
Graphic Packaging International offers a wide range of lids to accommodate food packaging for many different menu items, from small sides to family style meals. We have high-quality food container lid options for hot food items. We also offer food container lids for cold food items such as ice cream. The secure paper and plastic food container lids allow consumers to carry out meals with ease, while minimizing spills in the car. We offer flat, stackable lids for hot and cold food items in a variety of colors and materials. For taller foods, our clear dome lids protect items above the practical fill line such as ice cream or chicken.

COMBO PACKS FOOD CONTAINERS AND LIDS

A world of difference.
**ecotainer**® FOOD CONTAINERS

Making A Difference One Cup At A Time.®

An environmentally sensitive product line, ecotainer® uses a plant-based, Ingeo® (PLA) coating that is fully compostable in commercial composting facilities. By using compostable food containers and lids, we are decreasing our dependence on petrochemicals and reducing the amount of waste being sent to landfills.

- Made with fully renewable materials
- Meets ASTM standard for compostability
- Certified by the Biodegradable Products Institute (BPI®)
- Compostable in most commercial composting facilities*

*Please check with your local municipality or go to www.findacomposter.com.

Inspired packaging.
SNACK CONTAINERS

Snack containers come in small and medium sizes to fit snack foods and shareable side items. These strong food containers are ideal for holding foods with high oil content such as French fries and onion rings. Snack containers can be used with either hot or cold food items. The small size is perfect for snacks and appetizers on-the-go, while the medium size is ideal for family size portions. They are available in both stock and custom prints.

A world of difference.
Scoop cups are a versatile, innovative way to package a variety of food items, from a side of veggies to an order of chicken tenders. This practical package solution has a front cut-out for high food visibility and a tall back to help stand the product upright.

The scoop cup is made with a closed bottom allowing oil, salt and small pieces of food to remain in the carton rather than falling through an opening at the base of the package. The best part? Its circular, flat bottom allows it to fit in a standard car cup holder for on-the-go consumption. Scoop cups are available in stock and custom prints.

SCOOP CUP DESIGN OPTIONS

POPCORN PACKAGING

Popcorn is one of the most popular food items at concession stands in theaters, sports arenas and local events. Our popcorn package line has something for everyone: buckets, square popcorn cartons and boxes.

Popcorn buckets have a smooth, clay coated surface for printing impactful graphics for the venue. It’s easy for employees to grab, fill and serve so movie watchers can get back in their seat to enjoy the show.

We also offer square popcorn cartons and boxes as the perfect alternative to a round tub. Our classic popcorn boxes feature automatic bottom setup and closures perfect for take-home sales. We have a variety of sizes that will fit all concession needs.

A world of difference.
Poly coated food trays come in a variety of sizes to complement any occasion. These trays are strategically designed to resist moisture and grease, eliminating the need for a tray liner. Our poly-coated food trays are used at meat counters, delis, schools, cafeterias, stadiums, food trucks and quick serve restaurants. From a takeout carton for chicken, sandwiches, fries, salads, these trays can support an endless variety of foods, are versatile, and ready to ship.

Don’t see what you need? Contact your Graphic Packaging International Sales Representative for available options.
EconoPaxx™ foodservice cartons are made with paperboard that uses 100% recycled fibers and are FSC-recycled certified. EconoPaxx™ poly coated cartons are designed to meet your specific requirements that provide the maximum grease and moisture barrier for both hot and cold items.

EconoPaxx™ containers can be used interchangeably for both hot and cold items including salads, pasta, wings, and sandwiches to name a few. The possibilities are endless. This flexibility results in a decrease in the number of SKUs needed to be stocked in the back of the storeroom.

Our fast food and deli takeout containers provide the convenience, protection and presentation your customers expect. Autobottom tuck top cartons feature a tuck lid with a “lock”. Fast top styles snap open quickly for filling and close by locking the top into the box ends. The snack and dinner sized tuck top and fast top cartons are perfect for 2 piece to 4 piece individual meals or multi-piece chicken tenders. Handled boxes are ideal for larger portion takeout orders that require carton strength.

*Ounce sizes are approximate dry weight measurements.
Our sandwich clamshells are ideal foodservice packaging solutions for on the go consumers who are eating out or picking up prepared foods. The one-piece package design allows the clamshells to be stackable and no need for separate lid inventory. Clamshells help maintain food freshness whether for hot or cold items.

SANDWICH CLAMSHELLS

FMFW-001
SANDWICH CLAMSHELL
Case Qty: 432
Case Weight: 15.1 lbs

**PIZZA SLICE PACKAGING**

Our pizza containers feature fast setup with locking mechanisms on the single slice and pizza clamshell models while the rigid structure protects the contents from touching the lid. The single slice pizza carton has a tear-away lid, turning the container into an eating tray for convenience. Manufactured on virgin solid bleached sulfate (SBS) paperboard, the single slice and pizza clamshell offers superior stiffness and resists tearing while the pizza wedge is made of coated recycled paperboard (CRB) and provides on the go convenience. Great for delis, pizza houses, street vendors, stadiums and a host of fast food applications.

Our hot dog containers are formed for stability and designed to lock for secure carrying. They are nested for space savings on the counter and in the storeroom. Our two piece tray can serve as two sku’s, utilizing one piece for in-store dining and two pieces for on-the-go lunch or dinner. Both sizes are easily customized with your brand and graphics. Our hot dog trays can be utilized in school cafeterias, quick-serve restaurants, sporting/entertainment events, amusement parks, gas station restaurants and by street vendors. The trays have uses well beyond hot dogs and are limited only by your imagination. French fries, pretzels, and tater tots are just a few items that will fit well in the container.
