

Dear Valued Supplier:

Thank you for your interest in our VISA ghost card program. This card has unique security features, with \$0 of available funds until an invoice is approved for payment. Below is a brief outline of how the program works.

Your invoices will age according to terms. On the day a payment is due, an electronic remittance advice will be sent to you via e-mail along with approval to charge the card for that amount. Your company can then process the amount listed on the email as you would any other VISA payment. Your company must be able to accept credit card payments as a valid payment option.

All we need is a contact name, telephone number and email address from someone within your company who can process credit card payments. We will contact our bank and they will issue you a ghost card number which is a VISA number. No physical card will be issued.

Funds are typically deposited within 48 hours and you don't have to worry about lost or misplaced checks. Many of our suppliers are already enjoying this program. If you would like to enroll in this program, please complete the attached form and email to Troy.Lizenby@graphicpkg.com. If you have any questions, please feel free to contact Troy Lizenby in our Accounts Payable Department at 318-362-2884.

Best regards,

Holly Veasey
