

# QUIK FLEX™ 10

Manually Operated Fully Enclosed Locking Packer

# QUIKFLEX™ 10

Cans

The QuikFlex™ 10 is Graphic Packaging's compact, simple and economical manual packaging system for fully-enclosed cartons. Cartons are sealed as a single operator pushes packs through the patented locking system that uses no power or glue. The QuikFlex™ 10 is changeover ready and supports a variety of container sizes and pack formats.

## Machine Features

### Standard

- GPI Custom Targeteer Lock
